

TRIPURA DATA CENTRE POLICY 2021

Brief:

Recognizing the potential of the Data Centre industry to transform the economy of the State and to make Tripura a favourable destination for setting up of Data Centre for creation of digital growth of the State as well as the Nation, Tripura Data Centre Policy, 2021 was notified on 30.10.2021 for a period of 5 years. It will create an ecosystem for overall digital journey of the State. It will attract more investment in the IT sector especially in data Centre industry. It will also create employment opportunities for large number of graduates of the State. The vision of the policy is "Making Tripura a favourable destination in setting up of Data Centre Hub for creation of digital growth of the State as well as Centre".

Eligibility for Incentives under the Tripura Data Centre Policy 2021:

Any industrial enterprise to which the Tripura Data Centre Policy 2021 applies shall be considered for grant of incentives as per the Tripura Data Centre Policy 2021 only on securing an "Incentives Eligibility Certificate" in such format and from the designated officer not below the rank of Director in IT Department. The Incentives Eligibility Certificate shall not be issued unless:

• The project is covered by necessary industrial approval already received in the form of industrial license or letter of intent or IEM or registration certificate, as the case may be, under the Industries (Development and Regulation) Act, 1951; or a Secretariat for Industrial Approval (SIA) reference number or an Acknowledgement of Entrepreneur's Memorandum (Part-II) issued by the Directorate of Industries & Commerce of the State Government.

• In respect of enterprises/ industries identified as compulsorily licensable or on any other restricted list as may be notified by the Central Government or the State Government from time to time, the required clearance/ licence from the notified authorities has been obtained by the enterprise.

• The Data Centre has gone into commercial production in Tripura.

Incentives available under the Tripura Data Centre Policy 2021:

• Reimbursement of Floor Rental

Charges/Government Land Lease Charges :

1) Data Centre established in State Government/Private premises shall be allowed 50% discount on Floor Rental Charges or 50% of Public Works Department (PWD), Government of Tripura fixed rates, whichever is low subject to a ceiling of Rs.12.00 lakh per year per enterprise.

OR

2) State Government shall lease land on long term basis (30 years) at concessional rate as per the prevailing policies for setting up of data centre in the State.

• Exemption on Power Charges :

1) Special power tariff of Rs.4.75 per kwh may be offered to the Data Centre enterprises, which will commence their commercial production in Tripura during first 2 years of the policy, for entire policy period from the date of commencement. For the Data Centre enterprises commencing commercial production in Tripura after first 2 years of the policy, concessional power tariff shall be refixed following the principal of base rate of the basket power purchase price and additional 10% on account of Operation & Maintenance, Transmission, Point of Connection (POC) and other administrative charges.

2) Dual grid power supply shall be provided at applicable charges.

• Exemption on Open Access of Power :

1) Data Centres shall be permitted to avail renewable energy under open access system from within the state after paying cost component to TSECL as fixed by the TERC.

2) Additional power generation capabilities through captive power sources such as solar and wind farms shall be explored to supplement power sourcing. Data Centre Enterprises willing to establish captive farms shall be extended complete support from the Government for obtaining approvals and permits. Further, the Government shall also provide facilitation for the same.

• Bandwidth cost subsidy :

Reimbursement of 30% charges on Internet Bandwidth connectivity to IT Services paid to ISP shall be available for a period of 5 years from the date of going into commercial production/operation subject to a maximum of Rs. 10.00 Lakhs per annum.

• The Capital Investment Subsidy :

Capital Investment subsidy will be provided in Data Centre at the rate of 30% on total fixed capital investment in Data Centre Non-IT Infrastructure like PAC, UPS, Transformer, Power Supply Equipment etc. which will be reimbursed annually subject to the ceiling criteria mentioned below:

Subsidy Ceiling per Year	Annual Sales Turnover from this Unit
